

# SAFE, ACCURATE AND FAST COVID-19 PCR TESTING USING SALIVA

Zero contact SARS-CoV-2 PCR based tests, with same day result

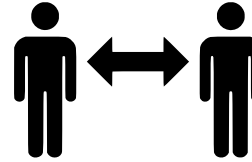

## PREPARATION

Do not eat, drink, smoke or brush your teeth within 45 minutes of your test.

Visit your nearest testing station to submit your sample. Available 7 days a week, 9 am - 3 pm.

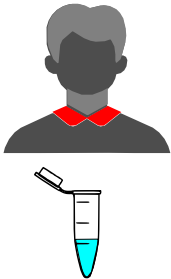

**SOCIAL DISTANCING**

Maintain social distancing at all times while visiting the test site to ensure your safety.

Obtain tube in bag WITH barcode from testing station

## PROVIDE YOUR SAMPLE

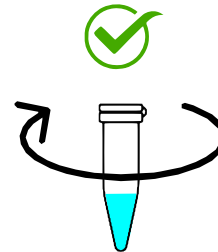

Deposit 0.5 ml of saliva into tube

**IMPORTANT**

Visually inspect your sample to ensure:

- 1) Correct volume (1/3 of tube)
- 2) No particulates (food/drink)
- 3) Limited discolouration (food/drink)
- 4) Resample if needed

Screw cap on the tube and tighten so the vial is completely sealed

Place sealed tube inside bag with barcode

## SUBMIT AND RETRIEVE RESULT

Submit your data via your smartphone using the barcode provided on your tube. **Ensure you see the final "SUBMITTED" sign indicating your information has been received by the lab.**

Sanitise your hands after sampling.

Pay via bank card at the testing station. Show proof of payment and deposit your tube where directed.

Receive your test certificate via email or on the Health Passport Worldwide App on your smart phone.
